

Some of you may have noticed that I have not been very good at sending out newsletters... My bossy husband suggested that instead of sending out a 10 page extravaganza, I should try sending out short newsletters on a regular basis ~ featuring only one or two products and I decided to take his advice for a change. So here it is, a newsletter about:

Angelina Fibre and Tyvek  
Angelic Additions Kits  
Upcoming Classes (overleaf)

### Angelina Fibre

It is not possible to capture the full beauty of Angelina Fibre in a photograph. The colours are much more vibrant in real life!

A 5gm pack costs \$6 and includes full instructions. I can fit 6 bags into an A5 envelope, which only needs a 90c stamp.

Non-bondable fibres can be trapped between fine layers of bondable fibre or you can bond them together with a very small amount of Audrey's bond powder, which costs \$22.30 per tub. A tub will last for ages!

### Angelic Additions Kits

Hours and hours of fun for just \$35. Each kit contains 6 different Angelina fibres, Tyvek material, Tyvek paper, metallic paints for the Tyvek, a sponge and three sides of photographic instructions. This is a must for all creative people, whatever your age....
